SEYMOUR DAILY REPUBLICAN

VOLUME XXX NO. 23 SEYMOUR, INDIANA, WEDNESDAY, DECEMBER 14, 1910. PRICE TWO CENTS

PLANS MADE FOR THE DEDICATION

New High School Building Will Be Formally Opened on The Evening of December 30th.

THE PROGRAM IS OUTLINED

Invitation Given Dr. J. N. Hurty and Charles Greathouse To Deliver Addresses.

The members of the school board and superintendent J. A. Linke have decided to hold the dedicatory exercises for the new high school building on Friday evening, December 30. At that time the building will be completed and ready for occupancy, and the regular classes can be conducted in the new building immediately after the dedication. The new seats and blackboards are being placed in position and the final work of completing the building is now being done.

The plans for the exercises have not yet been arranged definitely, but it has been decided to extend invitations to Dr. J. N. Hurty, of Indianapolis, and state superintendent Charles Greathouse to make addresses. Mayor Swope will probably preside over the meeting. Addresses will also be made by the members of the school board and superintendent Linke. Music will be furnished by the high school orchestra and an effort will be made to arrange a very interesting program.

The new building will be opened to the public from 9 a. m. until 3 p. m. on the day of the dedication. The dedicatory exercises will be held in the assembly room at 7:30 o'clock. A general invitation will be extended to all the citizens of Seymour and arrangements will be made to accomodate a large crowd of visitors.

As soon as the replies are heard from Dr. Hurty and Superintendent Greathouse the program will be completed and announced in detail.

POULTRY SHOW

Will Be Held in January by Local Poultry Association.

The Southern Indiana Poultry Association has completed arrangements for a poultry show in this city on January 4, 5, 6 and 7. The members of the organization have had the plans for the display under consideration for some time, and believe that the show will be a success. It is expected that several hundred fowls will be on display. The rules for the show will be published within a short time so that all competitors may know under what conditions the exhibits are displayed.

The organization has a total membership of about seventy-five, and it is said several additional names will be added before the close of the year.

"THE CLIMAX"

One of Best Attraction of Season at Majestic Tonight.

"The Climax" one of the strongest attractions to appear at the Majestic this season will be presented this evening. During Christmas week the company will play at English's Theatre at Indianapolis three days.

"The Climax" has been declared to be a better play than "The Music Master." It is certain that its success has been a remarkable one. It offers heart interest, lovable characters, a wonderfully natural stage-setting, comedy, tears and with all beautiful music. The music was written by Jas. Carl Breil

LOOKING AHEAD

House Democrats Preparing For Time When They'll Be in Charge.

Washington, Dec. 14.—At a caucus of Democratic members-elect to be held in Washington in January, the Democratic membership of the ways and means committee of the house of representatives in the Sixty-second congress will be selected. This is the result of a conference held here last night in which the Democratic members of the ways and means committee, the Democratic members of the Kentucky delegation, Colonel Henry Watterson and Colonel George Harvey participated. There will be a caucus of house Democrats the latter part of this week or the first of next at which the date of the proposed caucus of members-elect in January will be decided upon.

In addition to the important work of naming by caucus the Democratic members of the ways and means committee in the Sixty-second congress, the January caucus will decide upon a policy to be followed with reference to the tariff; this in order that when congress meets in January there may be no delay in settling to work to carry out the Democratic program for the session.

Connecticut's Governor-Elect Declines to Break Bread With Roosevelt.

New Haven, Conn., Dec. 14.—Colonel Theodore Roosevelt was the principal guest and speaker at the annual dinner of the New Haven chamber of commerce in this city last night. Governor-Elect Baldwin did not attend on account of the attack made on him by Colonel Roosevelt during the recent campaign. The latter referred to him as a retrogressive jurist, and this will form the basis for a suit for slander which it is said Connecticut's new governor will bring against the Oyster Bay statesman.

As soon as he arrived in this city, Colonel Roosevelt was joined by four detectives, who kept close to him during his stay in New Haven.

CARNEGIE MILLIONS IN BEHALF OF PEACE

Iron Master Sets Aside Vast Sum to End War.

Washington, Dec. 14.—Within a day or two Andrew Carnegie will announce a gift of $10,000,000 for the promotion of international peace. A former dispatch to this effect sent in these dispatches exclusively has been confirmed here. The gift will be world-wide in its scope, and in the opinion of Washington officials will be one of the most important steps ever taken in furtherance of the universal peace movement.

This vast fund will be turned over by Mr. Carnegie to a board of trustees to be headed by United States Senator Elihu Root, who is America's representative on The Hague tribunal, and President Nicholas Murray Butler of Columbia university. There will be about twenty other distinguished men as trustees, and the impression in Washington is that the membership of the board will not be confined to Americans.

The income of this $10,000,000, which will amount to at least $500,000 a year under the terms of the gift, will be devoted to the furtherance of peace projects the world over. The board of trustees, it is understood, will be endowed with wide discretion by the donor and will be at liberty to use the funds in the furtherance of any movement they may deem advisable and in conformity with the general purpose of the gift. The $10,000,000 gift will not represent an effort on Mr. Carnegie's part to establish a new peace movement, so much as it will a desire to maintain the organizations already in the field and to provide in favor of their future well being and usefulness under the direction of a high-class board of trustees.

Dec. 1910,

Dear Friend:

Prunes, when you stew them are a mighty nice thing to begin breakfast with. Don't you think so?

There is lots of difference in the kinds of prunes you get though. If you want to get real nice prunes you must go to a grocery that carries good prunes and other fruits.

Prunes are nice and healthy too. They make a good economical breakfast fruit, because you can get a whole pound of extra large ones for 15c.

LETTERS FORM BASIS OF SUIT

Why Attorney General Got After Grain Dealers.

SECRETARY'S BOLD AVOWAL

Letters Which Came to the Hand of Indiana's Attorney General Are Said to Have Outlined the Plan of Operation of Grain Shippers' Association, Which Has Just Been Haled Into Court.

Fort Wayne, Ind., Dec. 14.—The basis of the suit which has been filed in the circuit court here by James Bingham, attorney general, attacking the Hay and Grain Shippers' Association of Northeastern Indiana as a combination in restraint of trade, and one which fixes prices and destroys competition, is sensational letters which are alleged to have been sent out by Thomas Riddle, former secretary, to the members of that organization.

In these letters Riddle makes some frank and bold statements in describing the purposes of the association, and the attorney general insists that the letters themselves prove the association to be the unlawful combination which he alleges.

Concerning the plan of operation, Riddle, on July 8, wrote: "The whole plan of this form of organization in a nutshell is this: We decide what margin a bushel on grain and what margin a ton on hay is necessary on a business of average amount to earn a reasonable income upon the invested capital and expended labor. After this margin has been decided on, we choose a representative market upon which to base our buying price guide.

"This buying price guide is furnished in the form of a daily card addressed at the close of the market to each member to be effective with the opening of business next day as a maximum buying price limit. Any member or any group of members may at their pleasure pay less than the prices in question.

"No word or allusion can be found in our by-laws or trade rules requiring any member to maintain the prices issued as the maximum paying price; but common sense prompts our members to honor these prices as a maximum limit, for every member recognizes the fact that the very life of our association depends upon its ability to maintain uniform prices and uniform practices."

When the case is called for argument on Dec. 27, the date set by the court, it is probable the attorney general will ask for a court order demanding the exhibition of the books of the association and the members thereof, the attorney general believing that they will aid in the effort to break up the alleged combination.

Denies the Charges.

Bluffton, Ind., Dec. 14.—H. H. Deam of this city, president of the Hay and Grain Producers' and Shippers' Association of Northeastern Indiana, against which a restraining order has been issued, said that the charges against the organization were entirely without foundation. Mr. Deam further said he would call a meeting of the association within a few days to decide on some action.

ADMITTED GUILT

Railway Employes Tell How They Robbed Freight Cars.

Danville, Ind., Dec. 14.—Frank M. John, conductor; William L. Davis, conductor, and John Sheller, brakeman, on the St. Louis division of the Big Four, entered pleas of guilty to stealing freight from the company's cars and were sentenced to the state prison for from one to eight years. The three men live in Indianapolis. For several months it was known that employes of the company were stealing, and a strict watch was kept, with the result that search warrants were obtained for the houses of the three in Indianapolis. Goods to the value of $500 was recovered, and it is said that the value of goods stolen within the last year will be between $3,000 and $5,000.

Detective Robbins of the railroad became so strongly convinced of the guilt of the three men that he planned to get them together and force a confession. The scheme worked. They admitted breaking into cars and said that everything was stolen which they could dispose of. At one of the homes twenty pairs of shoes were found in a closet.

Police Took Him In.

Muncie, Ind., Dec. 14.—Francis M. Overton, colored, is held here on the charge of obtaining money under false pretenses. He took subscriptions for a colored children's home at Gary which, the police say, is a myth.

A LIBERIAL OFFER

We Guarantee to Cure Dyspepsia. If We Fail the Medicine Costs Nothing.

To unquestionably prove to the people that indigestion and dyspepsia can be permanently relieved and that Rexall Dyspepsia Tablets will bring about this result, we will furnish the medicine absolutely free if it fails to give satisfaction to any one using it.

The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufatcure, whereby the well known properties of Bismuth-Subnitrate and Pepsin have been combined with Carminatives and other agents.

Bismouth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia.

The Pepsin used in Rexall Dyspepsia Tablets is prepared by a process which develops its greatest efficiency. Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluid, and without it the digestion and assimilation of food are impossible.

The carminatives possess properties which aid in relieving the disturbances and pain caused by undigested food. This perfect combination of these ingredients makes a remedy invaluable for the complete relief of indigestion and dyspepsia.

We are so certain of this that we urge you to try Rexall Dyspepsia Tablets on our own personal guarantee. Three sizes, 25 cents, 50 cents and $1.00. Remember you can obtain Rexall Remedies only at—The Rexall Store. The Andrews-Schwenk Drug Co.

SIGN POSTS

Will Soon Be Placed Throughout Indiana.

Indiana is to be the next state favored with the system of sign boards being established all over the United States by the B. F. Goodrich Company, manufacturers of automobile tires. The company is engaged in the work of placing a sign board at every cross road, railroad crossing, dangerous curve and other places where signs are needed, on every road in the United States. A quarter of a million dollars is being spent on the enterprise.

While the object of the Goodrich company is an advertising one, the system is proving a boon to the automobile owners in every section where the signs have been installed.

J. W. Cole, who has charge of the work, said every road in Indiana would first be inspected by men on motorcycles and that when the sign posts are installed all tourists will be enabled to ascertain the exact location and distance from town by inspecting the first posts. On each post, besides the information regarding distance, will be information as to the nearest automobile supply stations, repair shops and dangerous curves, if there are any. These will be represented by symbols which the tourist soon learns.

MAY YOHE

Embarks Upon Matrimonial Sea For the Third Time.

Seattle, Dec. 14.—May Yohe, the former London music hall singer, whose marriage to Lord Francis Hope and subsequent elopement with Major Putnam Bradlee Strong, son of former Mayor Strong of New York, brought her into the limelight, has again embarked upon the matrimonial seas. Her new husband is N. N. Reynolds, a musician formerly attached to a musical comedy company, whom she has just married here.

WOULD MAKE GUILT A PERSONAL MATTER

Commission Urges Punishment of Interurban Men.

Indianapolis, Dec. 14.—In a special report made to the governor by the members of the Indiana railroad commission on recent trolley wrecks in Indiana, laws were urged providing for the punishment of men directly or indirectly responsible for interurban accidents in which deaths or injuries occur, requiring certain standards of efficiency before an applicant may be employed in a noperating capacity by an interurban railroad and requiring strict adherence to certain fixed rules of operation and the installation of block signal systems on all interurban railways as a measure of prevention against accidents.

The report was read in the office of the governor in the presence of the members of the commission and representatives from virtually all the electrical lines in the state, who gathered to attend a conference on the points raised. The conference was at the suggestion of the governor and was open to the public. It was the first time in the history of interurban railways in Indiana that the operators of the roads met a governor of the state to confer on proposed legislation, and the first time the findings of the commission concerning any railway wreck had been made public before it was ascertained whether the roads concerned intended to carry out the recommendations made by the commission.

The actual reports of the commission to the companies concerned were not made public, since their contents are protected by law until the commission is satisfied that the roads will not attempt to adopt the recommendations, but all the salient points were contained in the special report to the governor, who made that report public.

Watchman Instantly Killed.

Peru, Ind., Dec. 14.—William Fowler, aged fifty-five, a night watchman at the Chesapeake & Ohio railroad shops, slipped on the track and was run down by a switch engine.

Fifty Years Ago Today. Dec. 14.

Lewis Cass of Michigan, United States secretary of state, resigned his portfolio. General Cass had urged that re-enforcements be sent to Fort Moultrie, Charleston harbor, a view flatly opposed to that of the president. Buchanan, "in view of the present disturbed and dangerous condition of the country," set apart Jan. 4 as a day "of humiliation, fasting and prayer."

THROW OUT THE LINE.

Give They Help and Many Seymour People Will Be Happier.

"Throw Out the Life Line"—

The kidneys need help.

They're overworked—can't get the poison filtered out of the blood.

They're getting worse every minute.

Will you help them?

Doan's Kidney Pills have brought thousands of kidney sufferers back from the verge of despair.

Will cure any form of kidney trouble.

Oliver Jones, 224 N. Poplar Street, Seymour, Ind., says: "My kidneys were inactive and caused pain and lameness in my back and interfered with my work. The kidney secretions annoyed me greatly by their irregularity in passing and proved that I had kidney complaint. Hearing a great deal about Doan's Kidney Pills, I procured a supply and began their use. They brought positive relief and before long the lameness and other symptoms of kidney complaint disappeared."

For sale by all dealers. Price 50 cents. Foster—Milburn Co., Buffalo, New York, sole agents for the United States.

A little girl has been attending a school that is new to her.

She was asked if she had met another little girl who was a pupil in the same school.

"Oh, yes," she replied, "she spoke to me the first day I was there."

"And what did she say?"

"Why, she said, 'Does my petticoat show?'"—Exchange.

Marvelous Discoveries

mark the wonderful progress of the age. Air flights on heavy machines, telegrams without wires, terrible war inventions to kill men, and that wonder of wonders—Dr. King's New Discovery—to save life when threatened by coughs, colds, lagrippe, asthma, croup, bronchitis, hemorrhages, hay fever and whooping cough or lung trouble. For all bronchial affections it has no equal. It relieves instantly. It's the surest cure. James M. Black, of Asheville, N. C., R. R. No. 4, writes it cured him of an obstinate cough after all other remedies failed. 50c and $1.00. A trial bottle free. Guaranteed by Andrews-Schwenk Drug Co.

No Credit.

Actyn Barnes, tragedian, solemnly strutted into the bar of the night stand hotel. "Put a pint of wine on the ice, my friend," he said to the man behind the counter.

"Not if I'm in my right mind I won't!" chuckled the other, who happened to be the proprietor. "Cash down is the rule in this here tavern, b'gosh!"—Kansas City Star.

A Woman's Great Idea

is how to make herself attractive. But without health, it is hard for her to be lovely in face, form or temper. A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate stomach, liver and kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion, good health. Try them, 50c, at Andrews-Schwenk Drug Co.

MEDIATION BOARD MAY BE NEXT STEP

Strong Effort Being Made to Avert Railway Strike.

Chicago, Dec. 13.—Federal mediation under the Erdman law may be invoked in settlement of the wage controversy between the Brotherhood of Locomotive Engineers and the sixty-one western railroads involved. Grand Chief Warren S. Stone of the engineers, with three assistant grand chiefs and fifty-seven chairmen of districts, met the conference committee of the General Managers' association of the roads and announced the result of the strike referendum, which showed a percentage of 97.52 in favor of a strike unless the demands of the union are granted. The engineers renewed the demand for an increase of 15 per cent in wages. Chairman W. B. Scott of the railroads committee said the body would make a written reply within a day or two.

The roads will probably refuse to grant the demands. The next move may be to call a strike, but in the meantime the chairman of the interstate commerce commission and Chas. P. Neill, labor commissioner, may be appealed to as mediators, and the possibility of a strike averted.

LIBRARY FURNITURE

THE library is something comparatively new in some houses; but, as we progress in literary ways we naturally must have a place for our books, and also a nice place to sit and read--a congenial, homey room--a place you like to stay in. And just such a place you may have, if you will come and look over our splendid line of book-cases, library tables and comfortable Morris chairs. You will be just as enthusiastic as we were when we first saw the goods, and will, no doubt, buy just the same as we did; for the prices, as well as the goods are compelling.

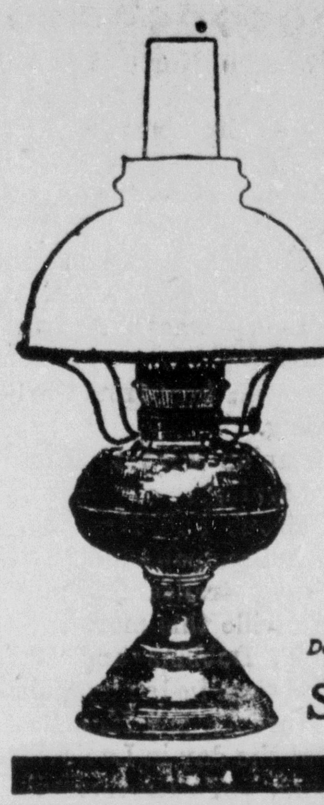
The Famous Rayo



Does Not Strain the Eyes

Don't use a small, concentrated light over one shoulder. It puts an unequal strain on your eyes. Use a diffused, soft, mellow light that cannot flicker, that equalizes the work of the eyes, such as the Rayo Lamp gives, and avoid eye strain.

The Rayo is designed to give the best light, and it does.

It has a strong, durable shade-holder that is held firm and true. A new burner gives added strength. Made of solid brass and finished in nickel. Easy to keep polished. The Rayo is low priced, but no other lamp gives a better light at any price.

Osteopathy

IS NATURE'S AID TO HEALTH AND APPEALS TO ALL WHO ARE SICK

It is not a cureall, but it adds years to the life and life to the years of chronic sufferers, who have tried other methods without success. If you are rheumatic, neuralgic, dyspeptic, paralytic, asthmatic, can't eat, can't sleep, all fagged out without exertion, fractious and fly to pieces, fear a nervous collapse, something is seriously clogging the wheels of life. The longer you try to work while the body machinery is out of gear, the greater will be the damage it suffers.

The Human Body a Working Machine.

No defective machine can turn out good work. Every day that an "unclean" watch, auto, or any other machine is compelled to run, wears seriously its vital parts and saps its vitality.

Man of today is as near a machine as he probably ever can become, and still exist, and to keep him in perfect "running order" he has to be treated as such. Now, if your watch or auto had slipped a cog, or was "clogged up" with foreign matter threatening its very existence unless removed, would yau apply acid or dope to rid it of foreign matter or to adjust its parts?

As With Auto and Watch

so with the human body; it gets out of running order through the process of life and needs repairing. It has been abundantly demonstrated in this community that health depends upon the human machine being kept in good mechanical order. Adjustment of the human body is the particular and special work of the

SPAUNHURST OSTEOPATHIC PHYSICIANS.

That they are expert body machinists, know what to do and how to correctly fix what is mechanically wrong with the body structure is evidenced by kindly expressions of those who have given their treatment a fair trial.

A cinder gets in your eye, you poultice it and quell the inflammation, but the cinder will bring it back. Lift up the lid and remove the cause—the cinder—and the trouble will remedy itself. Just so it is before you can be well the cause must be found and removed. Which then will you choose, **OSTEOPATHY To Remove the Cause,** or drugs to palliate the symptoms? Palliation can never cure. All that is needed to demonstrate this is unprejudiced inquiry. What they have done for others they can do for you. They have earned and are entitled to the liberal patronage accorded them during their two years' practice. First National Bank Building, Seymour every Monday, Wednesday and Friday. Such are their credentials. They give a little more satisfaction than is expected and make good every promise. They do not claim to perform miracles. Aid nature to health—that's all. Go and see.

JURY CONVICTS JAMES N. HUSTON

Former Treasurer of the United States In Bad.

USED THE MAILS TO DEFRAUD

This Is the Conclusion of Jury Which Heard the Evidence Against Former Indiana Man and Two Others on Trial For Connection With National Trust Compnay, a Delaware Concern of Questionable Repute.

Washington, Dec. 14.—Of conspiring to use the mails to defraud, James N. Huston, former treasurer of the United States, Harvey M. Lewis of Buffalo, and Everett Dufour, a Washington lawyer, were convicted by a jury here last night. The three men have been on trial for about three weeks. The government produced evidence showing that they were connected with the National Trust company, a concern incorporated in Delaware, the alleged object of which was to guarantee the stock and bond issues of corporations. The indictments followed a raid by postoffice inspectors upon the trust company. The government showed at the trial that the company operated through another company, the latter alleging that it was in a position to sell stock and bond issues if they were guaranteed by the National Trust company at Washington.

Huston took the stand in his own defense, and said that as soon as he learned that the company had a questionable reputation he withdrew from it, but that its scheme of guaranteeing stocks and bonds was feasible. Huston was prominent in the campaign which led to the nomination and election of President Harrison. After Harrison's inauguration he was appointed treasurer of the United States and served a couple of years, resigning to engage in business in New York. Before entering politics he was a banker of Connersville, Ind.

Each of the convicted men may be sentenced to a term of not more than five years in prison. All were released on bond pending the hearing of a motion for a new trial.

ESCAPED PROSECUTION

Collector Loeb Lets Mrs. Shonts Off With Payment of Duty.

New York, Dec. 14.—Mrs. Theodore P. Shonts, whose jewels were detained for appraisal because she had not declared them when she arrived a week ago from Europe, will not be prosecuted for smuggling. She was permitted to take the jewels after her husband had paid to Collector Loeb $10,800 duty, or 60 per cent on the appraisement of $18,000. The investigation of Surveyor Henry showed that Mrs. Shonts had made no effort to conceal the jewels, bringing them off the ship in a jewel case that she carried in her hand. The fact that Mrs. Shont did not conceal the jewels was what forced the investigators to declare in favor of permitting her to pay the duty.

The Schenk Trial Postponed.

Wheeling, W. Va., Dec. 14.—Mrs. Laura Farnsworth Schenk, charged with the attempted poisoning of her husband, John O. Schenk, the millionaire packer, will not be tried on the 19th inst., the date set for the trial. Attorneys for Mrs. Schenk requested that they be given an opportunity of taking depositions, and that there be a postponement of the trial. Judge Jordan granted the request and continued the trial to Jan. 9.

Admiral Watt's Recommendation.

Washington, Dec. 14.—The government of the United States will never build another war vessel in a government yard, but will turn over all its business to private contractors, if the earnest recommendation of Admiral Richard Watt, chief constructor of the navy, before the house committee on naval affairs, is followed. Private yards can build the vessels at a saving of at least 25 per cent, the chief constructor declared.

LaFollette Gets Recognition.

Washington, Dec. 14.—G. Edward Schulz, appointed collector of customs at Milwaukee by President Taft, was indorsed by Senator LaFollette. This is the first time President Taft has recognized the senator in making an appointment. LaFollette has received a letter from the president asking him to submit postoffice recommendations.

Protests Being Heard.

Washington, Dec. 14.—Objections to the proposed appointment of William H. Lewis, a negro attorney, of Boston, as an assistant attorney general, are being presented to Attorney General Wickersham. The president's intention to appoint Lewis was learned semi-officially at the White House several weeks ago.

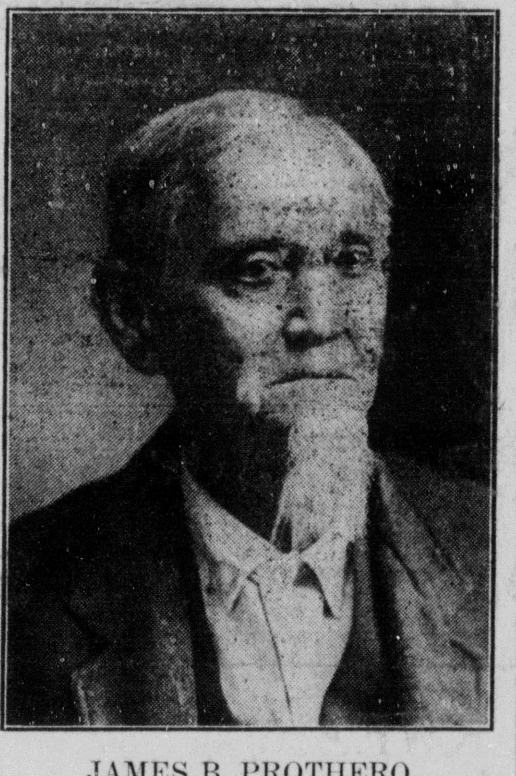
They Didn't Investigate.

Decatur, Ind., Dec. 14.—Burglars blew the safe of the William Keller general merchandise store at Monroe and obtained $75 in cash and a large number of checks, totalling several hundred dollars. Some persons living near were aroused by a muffled report of the explosion, but made no investigation.

JAMES B. PROTHERO

Received Congratulations Upon Eightieth Birthday Anniversary.

James B. Prothero, a well known citizen of Seymour, is celebrating his eightieth birthday anniversary today. He was born at Reddington, December 14, 1830, and lived in Jackson county about all of his life. For many years he operated a saw mill, and in 1890 he came to Seymour where he opened a broom factory on Indianapolis avenue. He continued in this business for ten years and was very successful.



JAMES B. PROTHERO.

In 1854 Mr. Prothero was married to Miss Jemima Lewis, of Switzerland county and to them were born three sons. One died in 1861 at the age of four years, and the other two reached manhood before their deaths. In 1869 Mr. and Mrs. Prothero took to their home a small girl whom they reared. She is living in Jennings county. Mrs. Prothero died in 1885.

In 1891 Mr. Prothero was married to Miss Nancy McConnell. After their marriage they purchased property on Indianapolis avenue, where they conducted a boarding house for two years. Later they sold their home on Indianapolis avenue and purchased property at 724 west Laurel street where he and his wife are living. Both are earnest members of the First M. E. church and have many friends in the city and county.

Mr. Prothero has witnessed many of the advancements which have been made since the early settlements of the county. He remembers when the wooden plow was in general use and has watched the improvements which have been made in that farming implement. He has watched Seymour grow from a few houses, and well remembers when the surrounding land was a large swamp. During the war he was a member of the 145 Regiment and served in the army one year. He is a member of Ellsworth Post No. 20.

A Kidney Cure You Can Bank On

Prove the Treatment Before You Pay For It. Your Druggist Has a Free Sample Package For You.

Kidney diseases justly produce intense fear in the hearts of those afflicted with it, for unless treated promptly by the right method they usually end fatally.

Every sufferer from kidney or bladder trouble may thank science for the new treatment, Dr. Derby's Kidney Pills.

Dr. Derby's Kidney Pills are remarkable. They straighten up lame backs every time and right off. Every man and woman can prove it without cost. No matter how badly or despondent you feel about your case, if you have back pains, bladder pains, Bright's disease, diabetes, or rheumatism in any form, do not worry an instant longer. Go to your druggist and get a package of Dr. Derby's Kidney Pills—60 pills—ten days' treatment—25 cents, or direct from Derby Medicine Co., Eaton Rapids, Mich.

If you want to prove first that all these statements are true, tell your druggist to give you a free sample package. Try them and be convinced.

INSURRECTOS MEET DEFEAT

Result of First Real Battle In Civil War.

MEXICAN REBELS IN FLIGHT

Battle of Cerro Prieto Was the First Time an Organized Force of Insurrectos Had Faced Regular Troops of Diaz—Sixty Killed and as Many Wounded Before the Rebels Fled to the Mountains.

City of Mexico, Dec. 14.—Seventy rebels were killed and 150 wounded and twelve troopers were killed and eighty wounded as the result of the first engagement near Guerrero. This information is contained in a dispatch to the minister of war from General Navarro. The government claims that the rebels were completely routed and that the government troops will have little trouble in continuing their march to Guerrero.

El Paso, Tex., Dec. 14.—In the first real battle between the Mexican regular troops and the insurrectos in Chihuahua, the insurrectos were completely defeated and left sixty killed and as many wounded on the battlefield, according to official statements of the Mexican government.

The battle occurred at Cerro Prieto, four leagues south of Pedernales, where the rebels defeated the federals several days ago. Confirmation of the fight is given out at Chihuahua, City of Mexico and at El Paso. No statement has been received from the side of the insurrectos, but the reports of the government officials of Mexico state that the insurgents lost sixty killed and many wounded and that they are in flight before the federals, who are shelling their rear.

The battle took place Monday afternoon. Passengers arriving here yesterday reported that they heard fighting as they passed through Pedernales on Monday afternoon, and that women and children in the streets, whose fathers and husbands were with the insurgent army were crying and that many boarded the train as refugees.

Telegraphic communication later came of the battle. Consul Anlonce V. Lomeli, of the Mexican government in El Paso, received a despatch saying that sixty rebels had been killed and that at least thirty had been wounded on the rebel side.

Nothing was said about the federal losses. Dispatches from Chihuahua say that the insurgent dead and injured are computed there to be over 100, and that the insurgents lost their commander. General Navarro was in command of the federals, according to Chihuahua advices, and the federals are said to have had to fight on open ground while the insurrectionists took refuge in the foothills, arroyos and brush. The federals used machine guns and cannon. It is supposed that the Mexican federal loss was heavy also, but not a word can be obtained from the federal officials at Chihuahua as to this.

Governor Alberto Terrazas, at Chihuahua, responding to an inquiry, declared that as the federal commander had not reported any loss, the most natural conclusion would be that he had none.

Unless the rebels lose heart at their first defeat and take to the mountains, this is looked upon as merely the beginning of a bloody campaign.

TO PROTECT HERSELF

Mrs. Clapp Says She Wrested Gun from Husband's Hand and Shot Him.

Philadelphia, Dec. 14.—Mrs. Marie Lakjer Clapp, wife of Herbert Mason Clapp, the wealthy clubman now in St. Joseph's hospital with a bullet wound in his neck, has confessed to the police that she shot her husband to protect herself against a drunken attack. She says that after beating her Clapp threatened to shoot her, whereupon she wrested the revolver from him and shot him.

"I shot him before I thought," she said. "I did not intend to kill the man, I only wanted to fix him so that he could not hurt me."
